

**AMERICAN SOCIETY OF SAFETY ENGINEERS
PROFESSIONAL DEVELOPMENT
CONFERENCE & EXPOSITION**

Conference: June 26-29, 2016 | Exposition: June 26-28, 2016
Atlanta, Georgia | www.safety2016.org

EXHIBITOR PROSPECTUS

FIND THE QUALIFIED BUYERS ...CONSISTENTLY THE TOP BUYING SHOW IN THE INDUSTRY

The ASSE Conference and Exposition offers a rare opportunity to meet the high-quality buyers in the professional atmosphere of a focused, educational, and networking conference. This is your chance to network with 5,000 Safety, Health & Environmental professionals who want to make the most of their investment. Attendees of the SAFETY Conference embrace the Exposition as a place to conduct business.

The Highest Quality Conference Will Insure The Buyers Will Be At Safety 2016

The Conference attracts the leaders in safety by offering top-quality programming and networking opportunities. The range of topics combined with the quality of speakers makes this conference program the most engaging in the industry. The sessions provide leading edge education which ties in to the hands-on opportunities that can be seen on the exhibit floor. This is the perfect combination to attract your best prospects to the ASSE exposition!

ATLANTA

We know holding Safety 2016 in Atlanta is going to be a BIG year for attendance! As one of the top 50 most populated cities in the country, Atlanta is also home to the largest airport in the country, Hartsfield-Jackson Atlanta International Airport and is a major hub for most travel routes.

Georgians are known for their hospitality and has some of the country's finest selections of comfort food. Visitors can experience a diverse and thriving community of art, culture, music, history, and good food. There's a myriad ways to find your balance between business and pleasure.

ACCESS TO EVERY INDUSTRY

The manufacturing industry comprises the largest industry classification represented by the conference attendees.

| | |
|---|-----|
| Agriculture, Forestry, & Fisheries | 1% |

| 23% | Fire Protection |
| 16% | Security |
| 35% | Detection Devices (Gas, Vapors, etc.) |

Expo Education Program — Don't miss this opportunity to contribute to the Safety industry!

The Expo Education Program offers a forum for exhibitors to present technical programs; showcase the positive contributions of SH&E professionals from around the world; and/or describe their vision for the future of the safety profession. Designed to be educational in nature, direct promotion is not permitted. Exhibitors can, however, discuss their products and services if presented in an educational context. For more information, contact: pdcspeaker@asse.org

WE'LL HELP YOU MAXIMIZE YOUR BRAND

When you compare the SAFETY Exposition to other expositions, this is the most cost-effective investment you can make. Once you decide to exhibit in the exposition, you will have access to many tools designed to help you make your participation a success. We provide you with the following.

Planning Tools

A listing in the Safety 2016 Mobile App and Directory of Exhibits that insures reach to the audience and reinforces your message and serves as a valuable reference.

Complimentary exposition registrations for you to distribute to your existing customers and prospects inviting them to visit you at the exposition.

A Virtual Exposition that includes basic contact information and inclusion in the product or service index.

A Welcome Reception attended by the registrants held on the Exhibit Floor on opening night.

Listing in *Professional Safety* magazine and other industry publications.

The ASSE Website at www.asse.org is continuously updated with the latest information on exhibitors and conference sessions.

You will have access to a list of the 2016 attendees which will be available to you for a small fee as an exhibitor.

Different From The Other Events

Awareness and attendance is achieved with an extensive promotional plan that reaches hundreds of thousands of top prospects. This multi-faceted approach insures penetration into a myriad of industries from top management to the front line safety professional that face new challenges everyday.

- Ad campaigns in the trade publications that reach around the world from safety management to regulatory compliance and risk management to safety training.
- Direct Mail campaign to include conference information and exhibitor lists.
- Thousands of Safety 2016 Web Site Promotions, E-mail broadcasts, and links from other key industry Web sites increase Safety 2016 exposure.

On-line promotions

National and local industry media reporting on the size and scope of the SAFETY Conference & Exposition.

JOIN THESE INDUSTRY LEADERS IN 2016

These market driven companies made SAFETY 2015 an integral part of their marketing plan. If you are serious about meeting the top buyers who are advancing the environmental, health and safety profession then you need to be represented!

GENERAL INFORMATION

EXHIBIT SPACE ASSIGNMENT PROCEDURE:

Space will be assigned by the number of years of participation (seniority), size, and configuration of exhibit space requested, then by date of receipt of application. After the initial round of assignments is completed space will be assigned on a first-come, first-served basis. After space is assigned, a confirmation and invoice will be e-mailed to you with an invoice crediting the amount of deposit paid and showing the balance due.

WHAT'S INCLUDED IN SPACE RENTAL:

- Standard Booth Equipment - Drape background for in-line booths 8' high along the back line, with side rails 33" high, and a uniform identification sign 7" x 44" showing company name and booth number.
- Soft drinks during the Welcome Reception.
- Complimentary exhibit hall invitations for your customers.
- Inclusion in the Virtual Exposition.
- Tables, furniture, carpeting, etc. can be obtained at an additional cost by contacting the appropriate show contractor following confirmation of exhibit space. An online Exhibitor Manual will be available to you outlining each of the services available at the Safety Show.
- Access to the conference sessions. No CEU credits will be offered unless registered to attend the conference.

DISPLAY RULES AND REGULATIONS

Standard Booth: For displays occupying one or more standard 10' x 10' booths in a straight line, all display fixtures over four (4) feet in height and placed within ten (10) lineal feet of an adjoining exhibit must be confined to that area of the exhibitor's space which is at least five (5) feet from the aisle line and no display fixture or sign shall exceed eight feet three inches (8'3") in height.

Perimeter Wall Booth: For standard booth(s) located on the outer perimeter wall of the exhibit area, all display fixtures over four (4) feet in height and placed within ten (10) lineal feet of an adjoining exhibit must be confined to that area of the exhibitor's space which is at least five (5) feet or more from the aisle line and no display fixture shall exceed twelve (12) feet in height.

Island Booth: Displays occupying four or more spaces in the exhibit area, with aisles on all four sides, will be permitted to a maximum height of twenty (20) feet provided written approval is received from Show Management at least 60 days prior to the show.

Peninsula Booth: Displays occupying 400 square feet, with an aisle on three sides, will be permitted to a maximum height of twenty (20) feet provided written approval is received from Show Management at least 60 days prior to the Show. All display fixtures over four (4) feet in height and placed within ten (10) lineal feet of a neighboring exhibit must be confined to the area at least five (5) feet from the aisle line to avoid blocking the sightline from the aisle to the adjoining booth.

SAFETY 2016 EXPOSITION

Conference: June 26-29, 2016 | Exposition: June 26-28, 2016
Atlanta, Georgia | www.safety2016.org

EXHIBIT SCHEDULE
