1. PURPOSE AND ARRANGEMENT OF EXHIBITS The main purpose of the DAC is educational and the exhibits together with the technical sessions are vital elements of this process. Management and the Exhibitor agree that the purpose of the Exhibition is educational, and will conduct them accordingly. Attendee surveys have consistently shown that attendees want Exhibitors to present detailed content and live demonstrations to illustrate the capabilities of their products rather than simple overview presentations of their products. The exhibits should not obstruct the general view nor hide the exhibitors of others. Plans for specially-built displays not in accordance with regulations should be submitted to Management before construction is ordered.

Licensed Space. Exhibitor is licensed to use exhibit space which includes the following exhibit equipment: 5 high backwall drapes, 5 high side rails, suite walls and carpet according to the schedule on the opposite page, plus a 17 x 11" sign featuring the Exhibitor’s name and booth number (linear booths only). Aisle carpeting, general guard security and general aisle cleaning are provided. However, Management accepts no liability for losses or damages of any kind sustained throughout the Exhibition, except for losses or damages caused by the sole negligence or willful misconduct of Management. The parties to this contract agree that this agreement is a license to use exhibit space and not a lease or sublease of real property.

Linear Booths (10’ x 10’, 10’ x 20’, 10’ x 30’). Smaller linear booths with a common backwall touching another booth or a wall may have aisle space. Aisle space may be in front of the booth, between booths, or behind the booth (8’ x 15’ for perimeter) and the sidewalks must drop to 48’, 5’ from the aisle. Every Exhibitor shall be allowed a backwall of at least 10’ wide. Suite usage in linear booths must have approval of Management. Island Exhibits have four open sides. Booth structure may not exceed 16’. Hanging signs are allowed but must be within the booth footprint with the top of the sign not exceeding 22’. Split-Island Exhibits are open on three aisles. The common backwall for this type of exhibit may be a full backwall from aisle-to-aisle; however, the backwall may not exceed 10’. Booth structure may not exceed 16’. Hanging signs are allowed but must be within the booth footprint with the top of the sign not exceeding 22’. There are no exceptions to this cancellation rule.
